Dear Friend and Customer:

Spring has been rather reluctant to make a positive plunge and it is still cold here and trees dormant and in good condition. The remaining surplus shown herewith though should move out in the next ten days.

PARCEL POST SPECIALS; Apple or Peach trees \$1.00 per 6, mail postpaid.
Pear, Plum, Cherry \$1.00 per 4. Small Cal. Privet \$1.00 per dozen.

A FLOWERING HEDGE, that the Butterflies love, blooms all through the late summer, the white S. Billardi, \$10.00 per 100, \$5.00 per 50. This offer makes possible a lovely effect, year after year, at a very low cost.

BEAUTIFY YOUR HOME GROUNDS. How much do you spend for trees for your orchard, for home consumption of fruit or for shipment and how much do you spend to make your grounds attractive? A park commissioner in Washington has said that a tree, one single shapely shade tree will enhance the value of a lot \$500 to \$1000. We can furnish you splendid specimens of the Silver Maples, 8-10ft and up, for \$1.00 each.

FIVE DOLLARS will buy enough flowering shrubs to give you blooms around your front porch all summer, and for years to come.

Yours very truly
